

## POLICY 2.5 ENVIRONMENT POLICY

---

Department: Landfill & Eco Centre

Date Approved: November 20, 2015

Rescinds:

Board Res. No: 497/11/20/15

---

**PURPOSE:** To develop procedures and management systems to monitor its operation with a view to protecting the environment.

**SCOPE:** This policy applies to all employees and Directors of PRWMC and to the public, when on our sites.

**POLICY:**

1. PRWMC, through its operations, will continue to meet or exceed environmental standards required to be leaders in waste management and will strive to incorporate in its environmental practices the best available technology which is economically achievable.
2. PRWMC, through its operations, will consider and, when appropriate, promote energy efficiency and environmentally sound waste management practices to reduce the consumption of non-renewable natural resources and will promote source reduction initiatives as a means of reducing waste.
3. To ensure continuous improvement in environmental performance, PRWMC, through its operations, shall review periodically its environmental operating practices and procedures and establish, maintain and monitor environmental objectives and targets to measure performance.
4. Where appropriate, PRWMC will request its employees to notify customers of this Environment Policy as it relates to how they conduct themselves.
5. PRWMC will promote awareness amongst its stakeholders, including employees, to increase their understanding of environmental matters as they relate to PRWMC and will involve them in appropriate environmental protection initiatives from time to time.

All officers and employees are expected to respect PRWMC's environmental policies and procedures.
