

Single Stream Recycling - What goes in the bags?

Please place all of your recyclable materials in blue/clear bags and place into any of the large bin/s designated for recyclable materials, provided at the Eco Centre, the Landfill and Transfer Stations. Recycling within our membership service area will no longer be required to be sorted.

Acceptable recyclable items in the blue/clear bag are: box board (toothpaste boxes, cereal boxes, Kleenex boxes, etc....), all film and rigid plastics, tin cans, shredded/non-shredded office paper and mixed paper. Cardboard at the landfill and transfer stations can be placed loose into the bags, or put into the bins loose, if it does not fit into the bags. Cardboard (corrugated only, NO box board) should still to be placed in the residential cardboard bunker at the Eco Centre. Please remove any packing material and flatten, before dropping it off at any of our collection locations.

Non-acceptable recyclable items are: glass and any food contaminated items. All black garbage bags will be treated as waste and will be discarded. Please do not use these if you want your items to be recycled.

For a full list of locations and service hours accepting recyclable materials and for other general recycling information, please visit our website or Facebook Page. Please also check out the, “Art of Recycling,” on our website, or tune into Peace River Country 94.9 FM.
